Re: Case #2006-00331 Filing Deficiencies

Ms. O'Donnell:

I received a letter from the Public Service Commission signed by Mike Burford dated July 11, 2006 which stated that my filing for the above referenced case had been rejected for two deficiencies. I was directed in that letter to contact Jason Green which I did today, July 19th.

The filing deficiencies noted were:

- 1) Failure to attach a copy of the Articles of Incorporation of the utility; and
- 2) Notice deficiency stating sewer requires direct mailing.

The filing made for the above referenced case was made pursuant to the directions of Public Service Commission staff (Sam Reid). In my discussion with Mr. Green, I was informed that I should send this letter to you and respectfully direct the Commission staff to my general rate filing case #2005-00235 and #2003-00284 which satisfies the first deficiency for a copy of the utility's Articles of Incorporation.

I was further informed by Mr. Green that he had reviewed the filing for the above referenced case and found my notice requirements had been fulfilled and gave me permission to state such.

It is my respectful request for the Commission staff to reinstate case #2006-00331.

Sincerely,

Mark S. Smith
President
